ILL.C.C. DOCKET NO. 01-0201

March 29, 2001

To whom it may concern,

This is in response the motion filed by The People Gas Light and Coke Company to dismiss my formal complaint filed with Illinois Commerce Commission, Ill.C.C. Docket No. 01-0201.

My case should not be dismissed because what I said are not allegations they are facts. I showed Mr. Brain J. McCarthy (People Gas Co. attorney) some of the things that prove they are facts. Mr. McCarthy had this motion to dismiss to give me **even before** I discussed my case with him. Which seem to indicate that it didn't matter if I had facts or allegations, People Gas Co. was making me pay these inflated bills.

I am again asking Illinois Commerce Commission to proceed with my formal complaint, because People Gas did over charge me.

On January 22, 2001 when Dan the serviceperson finish his inspection of my house and appliances he said to me "I should be on TV" I asked him why, he told me "I should be on Walter Jacobson because the way my house was (installation, appliances, ect.) my bills should be as high as they were.

Sincerely,
